WELCOME MESSAGE FROM THE SECRETARY OF IOSHM

Dear fellow member, colleague and expert,

*It is with much pride and honour that the President and the Executive Committee Members of the INSTITUTION OF OCCUPATIONAL SAFETY AND HEALTH MANAGEMENT (IOSHM) are inviting you to the Asia Pacific Occupational Safety and Health Organisation (APOSHO) 25 Conference that would be held in Mauritius from 19 - 22 April 2010. On the very onset, we would like to express our most sincere gratitude to the Members of the APOSHO Main Committee and Secretariat for providing us with this opportunity to welcome you as our most esteemed guests during that period. All Safety and Health Professionals should be thankful to the founders of the Asia Pacific Occupational Safety and Health Organisation (APOSHO) for their wisdom by the creation of such a platform in 1985 for the exchange of information, knowledge and experience in the field. Since then, the annual conference has proved its importance to all Professionals involved with Safety and Health issues across the world and who share and believe in the same motto, **SAFETY ALWAYS**.*

*Your presence to this APOSHO 25 Conference is of utmost importance because Safety and Health Professionals across the world are facing a unique situation. The world of work is experiencing a rapid changing and explosive situation caused by the global financial crisis worsened by emerging hazards (HIV/AIDS, Influenza A (H1N1), psychosocial problems at work, etc...) These conditions will surely have a direct impact on the already existing 4% economic loss on the global Gross Domestic Product (GDP) caused by the 2.3 millions fatalities linked with work-related accidents and diseases yearly. However, even in a changing world there is **NO COMPROMISE** on the right to safe and healthy work. Sameera Al-Tuwaijri, Director ILO SafeWork confirmed "**Beyond the economic issues we have a moral obligation: The human costs are far beyond unacceptable.**" Consequently, Safety and Health should be placed in the frontline of this crusade. All stakeholders should assist their respective companies and countries to face these challenges by keeping updated of new developments with proper training and the exchange of information on good practices as rightly mentioned in The Seoul Declaration on Safety and Health at Work of June 2008.*

*To prepare yourself to cope efficiently and effectively to this situation, we are inviting you at the APOSHO 25 Conference whereby we would share our expertise, experience and knowledge. We sincerely hope that you would seize this opportunity to broaden your knowledge while having a **taste of paradise on earth**, Mauritius, accompanied by your spouse and family.*

Just Dont Miss It!!!

See You Soon.

Faithfully yours,

Yoasoof Jauhangeer

Secretary-IOSHM

For and on behalf of

APOSHO 25 Organising Committee

Mr. S. Veerasingam - Honorary Secretary General of APOSHO 25
